I. University Introduction

1. Introduction

With over a half century of knowledge and experience in the management field, the Woosong Educational Foundation established Woosong University in 1995 under the motto "Paving the Way to a Stronger and Brighter Future." Equipped with a spirit of ambition and challenge, Woosong University provides a gateway to knowledge and educational opportunities for future generations.

Since its establishment, Woosong signed with more than 100 sister universities from over 30 countries around the world, sends students abroad, operates joint degree programs, established an overseas IT campus in China and Vietnam and is becoming the forefront of global education. Woosong established 6 colleges: SolBridge International School of Business, SolAsia Service & Convergence Management College, the College of Railroad and Transportation, the College of Digital Media, the College of Health and Welfare, the College of Hotel and Culinary Arts. While operating a specialized educational system, Woosong has 9,300 students, including 1,200 international students, and is Daejeon's prestigious private university.

SolBridge International School of Business is unique in many ways, not only to Korea, but to all of Asia. The business school was established with a vision to prepare students to be globally employable by incorporating unique aspects of a tertiary business education in Asia. These values are:

- ① All courses are taught in English
- ② International professors from 14 nations represent 80% of the faculty
- ③ Curriculum modeled after American business schools with a focus on business in Asia
- ④ A multi-cultural student body of 500 students from 30 countries; 80% are non-Koreans

In the College of SolAsia Service & Convergence Management, any interested students can study abroad at the Beijing Foreign Studies University and can easily select a major through the Open Platform education system.

In order to increase students' job aspects, Woosong University operates a 1 year, 4 semester program and students are able to graduate in 3.5 years. Woosong also helps students' future prospects with minors, double majors, national certifications, 6 month internships abroad, and career development programs during vacation periods.

In 2012, Woosong University was selected as "Leaders in Industry-University Cooperation(LINC)", receiving about USD 2.3 million (about USD 11.3 million over the next 5years) and chosen as "the Educational Advancement Capacity" three years in a row, receiving about USD 1.9 million, total amount is USD 13.2 million.

In 2011, Woosong University was selected the Advancement of College Education award receiving USD 9.4 million over the next four years and also selected the Education Advancement Capacity award by the Ministry of Education, Science and Technology in 2011. Out of 200 universities across the country, 11 were selected. Woosong University received an above average assessment due to its international programs and the 4 semester process, making Woosong the first university to distinctively model a year-long educational program.

Woosong University is externally taking the lead in revolutionizing university education and internally producing a new vision for the global era in the 21st century.
