

Held on:

JULY, 16TH - 31ST 2019

University of Jember | Jember, East Java, Indonesia

Embracing The Grace of Indonesia's Heritage

EMBRACING THE GRACE OF - INDONESIA'S HERITAGE

Greeting from University of Jember, East Java Indonesia.

As one of biggest universities in Indonesia, University of Jember is located in the east of Java Island. Jember is known for its beautiful nature with mountain range in the north and breath-taking secluded beach of Indian Ocean in the south. It is within reach of half hour flight and three hours by train from Indonesia's second largest city, Surabaya. With its uniqueness of diverse culture, race, traditions, and heritage, the University and the city are amazing places to experience vibrant life.

For 4 consecutive years, University of Jember has provided the opportunity for International students to grow, get along, share and exchange perspectives in its International Cultural Camp. The 14 days camp is the best place to know Indonesia's cultural heritage, taste Indonesian food and explore some beautiful places which may become one of your best moments in life. There are several interesting cultural workshops available to participate and it is the time for you to open your mind, develop your inner self and introduce your beautiful culture while learning astonishing new ones. The program is also an opportunity for you to find new friends from all over the world who soon become your loving family. It offers you the perspectives on how you view and perceive Indonesia's cultural diversity and heritage which might be different from those of yours.

University of Jember 5th International Cultural Camp is giving you chances to experience such valuable moments. The program is fully funded by University of Jember except your flights from and to your country. If you are an open-minded person, eagerly willing to learn new cultures, and love meeting new people, then the program is just for you.

WORKSHOP ON INTERCULTURAL PERSPECTIVES: WHEN GLOBAL MEETS LOCAL

Faculty of Humanities

Coordinator: Dr. Eko Suwargono, MHum

English Department

Description

The world has become limitless and borderless due to the expansion of technological advances. The globalization enables people to travel, work and migrate across the globes but emerges problems and barriers related to the understanding diverse cultural perspectives. Numerous efforts have been made to bridge the gap between cultures by making the most of intercultural communication. By communicating interculturally, barriers such as stereotype, culture shock, ethnocentrism, prejudices and miscommunication will be easily removed.

Program

The workshop consists of several activities:

1. Discussion

The session aims at discussing issues concerning the impact of globalization and the cultural issues.

2. Presentation on home country's cultures.

Participants will present and introduce their interesting culture to give a valuable perspective of diversity.

3. Cultural exhibition from local students.

Outcome

Global understanding, solutions to problems, possible collaboration

[WORKSHOP ON ETHNOBIOLOGY: BACK TO NATURE FOR HEALTHY ECOSYSTEMS] [Faculty of Teacher Training and Education]

[Dr. lis Nur Asyiah, SP. MP] [Study Program of Biology Education]

Description

Indonesia, not only known as mega biodiversity but also has a variety of ethnic groups. Understanding the diversity can be done through ethnobiology studies namely the study of the biological knowledge of ethnic groups - cultural knowledge about plants and animals and their interrelationships. Traditional communities with their local experience, such as local biology, have been able and successfully protected potential ecological processes, protecting many species or varieties of plants and animals, along with their ecosystems, for their local economic interests on an ongoing basis.

Program

Lecture: Introduction to ethnobiology in various tribes in Indonesia

Discussion: group discussion about local wisdom in environmental

maintenance

Practice: making traditional food and coloring batik with natural colors

Outcome

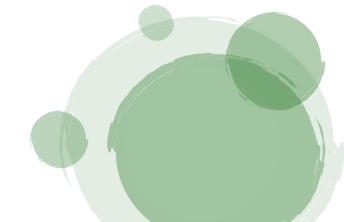

Awareness to be modern without forgetting the ancestors' heritage

[Workshop of Agro-eco-tourism as a part of Integrated Water Resources Management]
Faculty of Agricultural Technology

[Dr. Idah Andriyani, S.TP, M.T] [Departement of Agriculture Engineering]

Jl. Kalimantan I No. 37 Jember, Indonesia 68121

Description

Agro-eco-tourism is a method in integrated water resources management chosen by University of Jember for sustainability of water resources for agricultural system, due to high competition on water users as well as decreasing quality of water resources

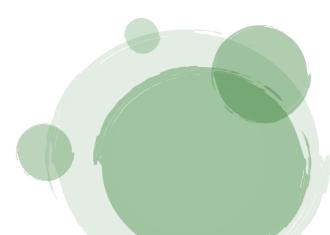

Program
