## TRAINING "STEER - SPATIAL TECHNOLOGIES FOR URBAN RESILIENCE: EMPOWERING INDIA AND MONGOLIA" OF "URGENT" PROJECT FUNDED BY ERASMUS+ PROGRAM

Under the project "Urban Resilience and Adaptation for India and Mongolia - [URGENT](https://urgent-project.net/)" funded by the ERASMUS+ program of the European Union, the partner institution of the project, the [Pondicherry University](https://www.pondicherryuniversity.ac.in/) organized a 14-day training "STEER - Spatial Technologies for Urban Resilience: Empowering India and Mongolia" between February 12 and 25, 2024 in Puducherry, India.

In total, 28 students from 3 countries (Mongolia, India, Italy) participated in the training, and a total of 4 people from National University of Mongolia, Mongolian University of Life Sciences, Khovd branch of National University of Mongolia participated. Professor O. Altansukh, leader of the Mongolian side of the project, gave a lecture on "Urban Water Management".

The purpose of the training was to provide a platform for international participants to engage in collaborative learning, exchange ideas, and enhance their knowledge in spatial technologies for urban resilience. The program will include a series of academic sessions, workshops, and networking opportunities, providing a unique and enriching experience for all participants..
