New Course: Nature-based Solutions
- ECTS: 6.0
- 12 weeks
- 150 hours
- Full online
- For MSc and PhD level
- Open for life-long learners

Objectives:
The objective of this course is to thoroughly investigate urban nature and nature-based solutions, emphasizing cities not only in Mongolia but also world-wide. This course initially analyses and explores the demands (stemming from urban nature, the environment, sustainability, and innovation). We will actively discuss and evaluate the potential of nature-based solutions within urban contexts, engaging in conversations about their effectiveness. Additionally, we will closely analyze the innovative developments occurring in urban areas in their relationship with the natural world. Ultimately, we will conduct a critical...
