10	251.209 (M1338.004000)	Organizational Behavior	조직행위론 (조직행동론)

For the undergraduate modules classified as “Requisite Subject for Major” above, only degree-seeking students are eligible to register during the first four days of the course registration period. Exchange/visiting students who are accepted to the College of Business Administration will have access to any remaining spots in these courses only on the last day of the course registration period. Additional registration opportunities for other exchange/visiting students will be provided after the semester begins.

Please note that all students have the same access to other Business Administration courses throughout the entire registration period. There will also be an opportunity to make changes to your course registration before the semester begins.

In general, it is never easy to secure a seat in the courses listed above. Therefore, we strongly advise you to prepare alternative sets of courses in case you are unable to register for these courses. SNU does not recommend that students who are required to take more than two of these courses during their study abroad period apply to SNU.
